

The Prize Winner of the 2016 (the Fourth) Nishina Asia Award

The Nishina Memorial Foundation has determined that the 2016 (the Fourth) Nishina Asia Award is awarded to Dr. Seok Kim, Associate Professor, Seoul National University, Republic of Korea for “Evaluation of Supersymmetry Indices of M2 and M5 Brane Theories”

Curriculum Vitae of

Seok Kim

Nationality: Republic of Korea

Education

Mar 2001 - Aug 2004: Ph.D. in Physics, Seoul National University

Thesis: “Topological objects and supersymmetric gauge theories in various dimensions”

Advisor: Prof. Choonkyu Lee

Mar 1999 - Feb 2001: M.S. in Physics, Seoul National University

Mar 1995 - Feb 1999: B.S. in Physics, Seoul National University

Academic Employments

Sep 2013 - Associate professor, Seoul National University

Sep 2009 - Aug 2013: Assistant professor, Seoul National University

Sep 2007 - Aug 2009: Research Associate, Imperial College London

Sep 2004 - Aug 2007: Research Fellow, Korea Institute for Advanced Study

Awards

Baekchon Prize in Particle Physics (Korean Physical Society) 2011.

Research Award (Korea Institute for Advanced Study) 2006
